7.1.2

1.Institution shows gender sensitivity in providing facilities such as:

- **1.Safety and Security**
- 2.Counselling
- **3.Common Room**

Response:

The institution takes much efforts and interest to empower education on moral and ethical values. College women counseling cell and women?s centre interact with students on various gender problems and personal distress, so as to develop the sensitization of students and solve the social issues.

Frequent conduction of National level seminar and workshops on relevant topics sensitize the staff and students. By conducting various awareness programmes like women's day, environmental studies, value education and women empowerment training, staff and students are sensitized towards the issue of gender and socially relevant problems. A variety of programmes are organized by various clubs to make students understand their strength and weakness and get awareness in gender sensitization.

- The college is a women's college, so far sexual harassment is not reported by any student.
- The college has women study centre and this motivates the students not to involve in any such harassment inside and outside the campus.
- Staff members offer suggestions to solve the psychological and social problem.
- Students are encouraged to learn self defense methods and promote social awareness and women safety by organizing seminars and programmes for the subject of harassment.
- Gender study programmes also educate the girl students on gender issues.

7.1.6 Rain water harvesting structures and utilization in the campus

Response:

- Rain water harvesting is installed to reduce the usage of well and bore waters from tanks.
- Staff and students are instructed not to waste water unnecessarily in order to avoid situations like water scarcity and drought in the absence of rainy season.
- The instruction through assembly is given to students about the importance of water harvesting.

The run off rain water from the terrace of the college building is channelized to the wells located in the campus. All the runoff water is channelized to that well. To facilitate the ground water recharge, all structures are provided. Layers of bricks filled inside the recharge well ensure proper filtration of harvesting water.

7.1.7 Green Practices

• Students, staff using

- a) Bicycles
- **b)** Public Transport
- c) Pedestrian friendly roads
- Plastic-free campus
- Paperless office
- Green landscaping with trees and plants

Response:

a) Bicycles

A bicycle is the easiest, most economical way for many students seeks to encourage cycling among students, staff and faculty members and strive to improve the overall health and wellbeing of the campus community. Cycling is quickly raising to the top as a means of transportation. It is virtually cost-free, pollution less which allows much closer access one?s destination. The college is planning to have a bicycle master plan to establish a network of bicycle routes throughout the campus to improve cycling access around the campus area in future.

b) Public Transport

Apart from the college transport facility, the members of students use public transport for their convenience. The institution instructs the students to practice transportation etiquette like to remain polite and courteous, not to block the flow of traffic, offer their seats to the elderly or injured person and pregnant women, to take care of their belongenings etc.

c) Pedestrian Friendly Roads

The institution wants to expand the pedestrian friendly surrounding the college to encourage more multimodal transportation.

d) Plastic free campus

Plastic free college is a program of the institution which aims to measurably reduce plastic pollution on college campus with a special focus on the reduction and ultimately the elimination of plastic bottles, plastic straws and poly bags.

e) Paperless office

The world is advancing so fast and quick with internet and software services and therefore paperless offices are becoming trendy. The institution promotes paperless office as it happens to be a much better and green option then using the means of paper. This kind of paperless office helps to reduce carbon footprint, possibility of store and saves up time.

f) Green landscaping with trees and plants

- The college organizes various programmes to create awareness among students in the • campus and involve them in maintaining eco-friendly environment.
- Medicinal plants and herbal garden are maintained. ٠
